“At Sovah Health, our goal is to deliver the highest quality healthcare across our region as we seek to make our communities healthier.”

—Alan Larson,
Market President, Sovah Health
& CEO, Sovah Health – Danville

At **Sovah Health – Danville**, we spent 2016 exploring ways to advance our mission of making the Dan River community healthier. And by focusing our efforts on creating a place where people choose to come for healthcare, physicians want to practice and employees want to work, our more than 130 year legacy of caring for the Dan River region is stronger than ever.

Inviting the best physicians into our communities and supporting them is one of the most important drivers of our ability to offer the best possible healthcare to our community. During the past year, Sovah Health – Danville added **16 new physicians** to our staff in a number of service lines, including hospital, emergency and family medicine; obstetrics and gynecology; pediatrics and ophthalmology.

And while **delivering high quality patient care close to home** is the single most important contribution we make, there are many other ways we’re making a positive impact in our communities.

In creating excellent workplaces for our 1,287 employees, we made \$11,037,053 in capital improvements in 2016, like updates to the Center for Radiation Oncology that include a new electronic health record, upgraded equipment that allows for more specialized and advanced treatment and a new wide-bore CT scanner; and renovations of our behavioral health unit, River District Tower and Chatham Health & Wellness, which includes the addition of the Chatham Diagnostic Imaging Center, and our Chest Pain Center. And we managed and distributed an **annual payroll of \$80,246,393**.

We are proud to take a **leadership role in our communities** and are committed to delivering needed healthcare to everyone, regardless of their ability to pay. In fact, in 2016 we donated **more than \$10.8 million in healthcare services to those in need**.

We are also committed to **ensuring fiscal responsibility**—both at the hospital and in the community. In 2016, we paid a total of **\$1,293,890 in taxes**, as well as provided numerous sponsorships and donations to local organizations.

LIFEPOINT HEALTH®

MAKING COMMUNITIES HEALTHIER

Charity care includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care. "Physician recruitment costs" include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. "Capital investments" include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to affiliates or subsidiaries of LifePoint Health, Inc.

Sovah Health – Danville is part of LifePoint Health®, a leading healthcare company dedicated to Making Communities Healthier®. Through its subsidiaries, it provides quality inpatient, outpatient and post-acute services close to home. LifePoint owns and operates community hospitals, regional health systems, physician practices, outpatient centers, and post-acute facilities in 22 states. It is the sole community healthcare provider in the majority of the non-urban communities it serves. More information about the company can be found at www.LifePointHealth.net.
