Danville Regional Medical Center

Notice of Financial Assistance

Danville Regional Medical Center is proud of its mission to provide quality healthcare to all who need it. We may be able to assist you if you do not have health insurance and are unable to pay for your care.

Danville Regional Medical Center provides financial assistance to patients based on their level of income, total acquired assets and general need. In addition we will assist you in applying for medical assistance programs or work with you to arrange a manageable payment plan. In fact, a State Social Services Eligibility Worker that is located on our campus to help patients enroll in the various assistance programs could contact you.

Patients meeting our charity care guidelines could have their hospital bill waived in full for non-elective care.

One of the most important things that you can do is let us know if you will have trouble paying your medical bill.

For more information you can reach a friendly, helpful Benefits Advisor located in our Business Office on the main floor of our hospital or call our Customer Service Department by phone at 855-426-0142.

6	32,570	65,140
7	36,730	73,460
8	40,890	81,870

Charity eligibility will be determined by review of the Charity Application, documents presented in support of the information on the Profile and Application and verification of assets.

Charity eligibility encompasses the following patients: Patients without health insurance that have not met eligibility criteria for any State assistance program through the Department of Medical Assistance. Patients are United States Citizens.

Charity awards are not based solely on income. Unique financial circumstances are weighed and assets will be verified. These factors can change the category of eligibility.

The decision as to the amount of charity write-off will be made collectively by the Business Office Director and the Chief Financial Officer. Elective or non-medically necessary services are not eligible for charity consideration.
